Motivation Determines What you do  
The customer is the final filter. What survives the whole process is what people wear. I'm not interested in making clothes that end up in some dusty museum.

# THE DESIRE ONE....

When I design and wonder what the point is, I think of someone having a bad time in their life. Maybe they are sad and they wake up and put on something I have made and it makes them feel just a bit better. So, in that sense, fashion is a little help in the life of a person. But only a little.
